1 ABOUT US

Revealing the Voice of God to the Nations

Thank you for your interest in our Raising Prophets course. We're very excited to share more about this unique training programme with you. In the pages of this prospectus you will learn about what will happen over the one or two years that our emerging prophets journey with us. After you've read through the prospectus, visit our website to apply - we're excited to hear from you!

Global Prophetic Alliance aims to inspire, train, and equip the worldwide church in the power of the Holy Spirit and raise and activate bold, authentic prophetic voices. Since Emma launched the ministry in 2009 (as Glasgow Prophetic Centre) we have rapidly grown into a trusted home for prophets and those who love to spend time with God and ministering in the revelatory gifts. Our Scottish base operates as an apostolic hub for a large international network, broadcasting and mentoring tens of thousands of saints every year to transform culture to the glory of Jesus Christ.

David & Emma

ABOUT EMMA STARK

Emma is an Irish prophet, author, broadcaster, and church leader. She travels the world ministering with authority, clarity, and humour. Her books include *The Prophetic Warrior*, *Becoming the Voice of God and Prophets*, *Politics and Nations*. She is married to David and has three children.

WHY RAISING PROPHETS?

We believe that God is raising up a company of prophets across the earth who will proclaim His voice with boldness, excellence, and faith.

The role (or 'office') of prophet is foundational to the church (see Eph.4:11) and prophets have a responsibility to hear from God for regions, nations and leaders. We believe that ALL believers can prophesy but only some are called to be prophets. As prophets emerge they release the voice of God to nations, stewarding and changing them. Then these maturing prophets begin to raise up and equip a new generation.

Each year we gather and raise an international company of prophets who emerge with a deeper understanding of their governmental weight and authority. If you believe that you have this call (or leaders have recognised this in you) but you don't know what to do about it, then this programme is for you! Your call is not limited by your age or experience!

2

If accepted, you will embark on one of the most exciting and significant journeys of your life. You will receive teaching, activation, coached practice and relational networking over a minimum of an 11-month period. Throughout the course our dedicated Raising Prophets team ensure that we are a place of encouragement and support in your life as you grow.

Our heart is to connect relationally with the prophets we raise. The highlight and most important part of this course are the four day 'Intensives' which take place in Glasgow, Scotland. These are powerful times of in-person training and teaching from Emma, Sam, and the GPA team. Prepare to be sharpened as you are given essential space to be refreshed and equipped.

It is time for the voice of God to be heard in the nations and for the prophets to arise and speak His words with purity and courage!

Who is this course for?

- » Those who have been **called to the office of prophet** (this is different from the gift of prophecy, which we expect you to already have experience with - see below).
- » Those who have been **recognised by others** around them as beginning to walk in this call and are now in need of training, activation, and networking to help with their next steps.
- » Those who desire to be raised up and trained in becoming a voice to the nations and who have **a willingness to submit, learn, grow, and mature**.

Essential Requirements

- » You must be able to **travel to Glasgow** at least twice in year one, and once in year two. **This programme involves IN-PERSON training.**
- » **You must be part of an existing Christian community** and you will be required to supply referees from leaders to support your application.
- » You must be aged 18+ and comfortable with technology as much of the course takes place online.
- » You will already be **ministering in the prophetic gift**. If you have never been trained in prophecy then we encourage you to take a year of growth in this area before you apply. Emma Stark's *The Prophetic Warrior* e-course is a great starting place for this journey.

Please be aware that places are limited and subject to a rigorous application form and selection process.

**MEET THE
TEAM**

The Raising Prophets course follows an established curriculum to help you mature and grow as a prophet. Additionally, each year's training adapts and develops in unique ways to meet the particular needs of that year's cohort. This is because we believe in raising up cutting-edge prophets who have a voice to respond to what God is doing on the earth at the time of the course.

For that reason, the course content below lists the overarching and foundational themes and areas of equipping you. You should also expect teaching and training on topics tailored to your specific cohort.

A Potential Two-Year Journey

Every successful applicant completes Year One. At the end of the year, most Y1 Raising Prophet graduates will have the option to continue with us into a second year of training. And it doesn't have to end there - see 'What Comes After' for more information on further opportunities for development and connection.

RAISING PROPHETS NESTS

GPA Prophetic Nests are a unique and exciting component of the Raising Prophets programme. Nests are small groups of prophets and prophetic voices who come together regularly for the purpose of community, fellowship, prayer, encouragement, training, and equipping. They are fantastic opportunities to learn and grow together in the intimacy of a small group.

Everyone who is enrolled in Year Two of the Raising Prophets programme will be invited to first join a Nest. At a later date, you can also apply to become a nest leader. This means you could establish your own Nest (either online or in person). This is a great opportunity to train and raise up others while stepping out in prophetic leadership.

Currently, there are Nests across the world from Alaska to Australia. We encourage every graduate of the Raising Prophets course to continue in a Nest after they have finished the course. Nests are a vital place of growth as you will gain a community to support and encourage you, sharpen your words, and give you regular space to practice.

THE INTENSIVES

The Intensives live up to their name as two sets of four action-packed days (Year One) and one five-day intensive (Year Two) in Glasgow where you will gather with your cohort from all around the world. Every day is full of worship, teaching, activations and fellowship. Our graduates tell us how much they enjoy being amongst 'tribe' during these times.

The Intensive days are the highlight of the year for course participants and are a vital part of your development as a prophet. You will receive teaching from Emma Stark, our most senior prophets, and occasional special guest speakers during this time.

Do I have to attend the Intensives?

Yes. We would recommend applying when you know you will be able to attend these events. They are not to be missed as these weeks are key to your growth and development as prophets. They are also an incredible opportunity for you to build lasting relationships both with our team, and your fellow emerging prophets. To graduate from the course, at least one intensive must be attended in the year.

7 WHAT COMES AFTER RAISING PROPHETS?

We know that the journey to becoming established in the role of a prophet takes many years and is best done as part of a prophetic community. Therefore, once you've completed the two years of Raising Prophets training we still have lots to offer...

Become a Nest Leader

If you want to grow in your role as a prophet we invite you to set up a Prophetic Nest. This is a place where you can replicate and pour into other raising prophets whilst building a prophetic company in your local area.

Join the Lion Bites Team

If you carry on to Year Two of the course, you will be invited to join the team of prophetic scribes who write our daily Lion Bite words. These words are read by tens of thousands of people every day and this team is a great place to develop your skills as a prophet through the written word.

It's time for you to fly!

We will always encourage you to jump into your call as a prophet and find out who God has made you to be by exploring this call!

Our team are always here to support our raising prophets as they graduate and it is truly our delight to see how God uses them to create prophetic cultures all around the world. We are overjoyed by how they are revealing the voice of God to the nations!

Q. I haven't received any emails about my application.

It can take up to 30 days for you to hear back about your application. If you still haven't heard back in 30 days, please first check your spam/junk email as we find our emails can often end up there. If you still have not received an email then please get in touch with us.

Q. Is there any financial aid available to help towards the cost of the Raising Prophets course?

GPA is a non-profit charity run on tight budgets and we always strive to keep course fees as low and affordable as possible. That said, we recognise that some raising prophets, especially those from the Global South face additional financial challenges that most of us do not. Please let us know your specific circumstances on your application form.

Q. If approved, how do I accept my place on the Raising Prophets Course?

An email will be sent to you with your acceptance onto the program. Once you have set up your monthly payments (following the instructions laid out in the email) your membership will automatically be activated. Please be aware that the course does not start until January so you may not see any teaching content in the online learning community until that time.

TESTIMONIES

Q. What is your cancellation policy?

If you begin the course and then decide, after a period of time, that the Raising Prophets course is no longer suitable for you, you can end your membership by contacting rp@propheticalliance.com to inform the Raising Prophets Manager. Our team will adjust your current payment plan accordingly and will end your course access. Please note that ending the membership early will mean that you will lose access to the learning community, Facebook group, and access to all teachings content, past and future. If you have to drop out of the course due to compassionate reasons and would like to rejoin in a later year we can discuss porting your account balance across to a future year.

- If you cancel your enrolment, we will refund you accordingly:
- Cancellations 0-4 weeks of course starting = 100% refund/all future instalments are cancelled
- Cancellations 5-12 weeks = 50% of course fees (£500) are due/all future instalments are cancelled
- Cancellations after 12 weeks = no refunds/full course fees will be due but if you already pay in instalments you may continue this

Q. Are all the teachings online?

All teaching that happens during the week will be online. However, twice a year we have a 4-day intensive which is held here in Glasgow.

Q. What day of the week will the teaching be held, and what time?

Teaching will be held on a Tuesday evening once or twice a month at 7pm UK Time.

Q. Are all the teachings recorded?

Yes, all sessions are recorded for you to watch when you are able to.

Q. How often are the online classes?

Online classes are once or twice a month; a full schedule will be available upon acceptance.

Q. Will Emma Stark meet with me one-to-one?

You will have an opportunity to meet Emma and the team in Glasgow at the Intensives. However, as much as the teaching team would love to be able to spend time with each individual prophet, this is not something we are able to facilitate at this time. All training, coaching and mentoring, whether in-person or online, happens in a group environment rather than a one-to-one setting. At the Intensives all students are allocated a small group and coach/mentor for the four days.

Rachel Portsmouth, England

This training has secured and established me in my calling as a prophet. The authority in which I speak has increased exponentially! The level of teaching is world class. Being together as prophets during the intensives are memories I will always treasure. What I will continue to hold are the relationships that have developed over time, people who are now family. I have truly been raised up, rooted in family, and released as a prophet into the nations!

Joan Wery, Canada

In obedience to the whisper of God I applied for this course. I never could have imagined the transformation that would take place from the very first intensive to where I am today. Time flew by yet it seemed like a crash course on destiny that I had been in search of for many years. The calling has cost but I have seen that God will do more than your wildest imagination could think of. The smile and presence of God is worth it all.

Jasmine Brackenbury, Canada

I cannot express enough how being part of this course has opened up my world. The teaching is deep and rich and the care and concern the staff and team have for the attendees was above my expectations. Sensitive and sincere! Being with a group of like minded and gifted people has brought so much life to my once dry spirit. I can honestly say, I have been looking for a tribe like this my entire life, one who speaks God's truth and who encourages others that they too can be His voice. So many things were affirmed and confirmed and many, many questions were answered. My life has been changed, challenged, and enriched.

Dawn Floyd, Australia

I feel like I've been sandblasted, and what was a shapeless form at the beginning has been fashioned into someone who is ready to answer the call on my life. It wasn't easy by any means. It was a really tough time to be honest but worth every minute of discomfort to be able to put my shoulders back and say, "Let's do this!"
